/ WORK EXPERIENCE

>> Product Design Intern

Facebook University | Summer 2021

>> Engineer, Designer, Co-Founder

Harvard Design Collective | 2020 to present

Designed, prototyped, and programmed Design Collective website and led branding and UX design client work.

Worked on 6 client projects - earning over \$600 in commissions and increasing knowledge of the organization. Co-led and facilitated a panel about the future of design featuring designers and academics with a 60+ virtual turnout.

>> Design Lead, Founding Team

The YX Foundation | 2020 to present

Leading UX design and graphics at hybrid coalition-design lab dedicated to high impact, high friction prototyping at the intersection of deep technology and critical race theory. Building out a design for liberation handbook and curriculum.
